

Dear Parent/Carer

Due to adverse weather conditions, the school will be closed today. Despite our best efforts, the continuously falling snow has meant that the site is unsafe and the paths and roads leading to school are hazardous. Many staff are also struggling to make it into school safely.

To ensure that students do not lose learning time, as per our policy, all lessons today will be delivered remotely via GoogleMeet in line with the usual school timetable.

To join lessons, students should go to <https://meet.google.com/> and enter a code using the following: Year group + teacher code (for example 7KLC or 10LJM)

Year 11 mocks due to take place today will be rescheduled.

Thank you for your support.

Yours sincerely

Mr M Jones
Principal
