

June 2023

Dear Parent/Carer

As part of our drive to encourage students to start thinking about their further education as early as possible, all students in Year 7 are being given the opportunity to attend a university during one of our immersion days this year.

Your child has been invited to attend a workshop at Nottingham Trent University on **Thursday 22 June**. The trip will leave school at 9.00am and will return to school for 2.55pm. During the day students will embark on a tour around the university with student ambassadors, learning about life at university from current students. They will also be given the opportunity to participate in workshops looking at choices and common misconceptions about university.

This experience is free of charge as the school recognises that at all students should be able to have an insight into further education in order to be able to plan their own future pathways.

Students will need to wear their full school uniform and bring a packed lunch. **Please be aware that we have students who may be participating in this trip who have a serious nut allergy. Please avoid giving your son/daughter bagged nuts or products with a nut content, as even the smell can cause these students anxiety.** If your child is entitled to free school meals and requires a packed lunch on the day, please log on to your child's ParentPay account to request one before **Friday 9 June**.

We have also been asked that parents complete the following link as soon as possible so that the university can assess the value of its outreach programmes: [Data Information Form - NTU](#)

As this visit takes place during school time, there is an expectation that all students will attend the visit. Please ensure that all emergency contact details are up-to-date on our school records. If you have any concerns, please do not hesitate to contact Mrs Coleman.

Yours sincerely

Mrs LJ Mills
Vice Principal
