

October 2023

Dear Parent/Carer

As part of the Engineering course, students are required to conduct a series of design and make projects. An important part of the coursework is the practical outcome, which we hope students are proud of and would like to take home at the end of Year 11.

In order to allow students to take their practical work home, we must ask for a contribution of £5 towards the cost of materials. If we do not receive this contribution your child will still be able to complete their project, but they will not be able to take their project home, as we may have to recycle the materials.

Please login to ParentPay to make a payment..

Please don't hesitate to contact me if you have any questions or concerns regarding this.

Yours sincerely

Miss G Kidd
