

April 2023

Dear Parent/Carer

We hope that your child is looking forward to the upcoming Sri Lanka trip. As the trip is fast approaching, we are now required to gather more information in preparation.

We require the following information:-

- **Passport details** (all passports must be valid and in date for 6 months after the date of arrival back in the UK. Therefore, passport expiry date should be **1/2/2025** or later)
- **Medical information** (if there are any updates to this after completing the form, please inform school prior to departure)
- **Allergies and dietary requirements**

Please click on the link below and complete the google form by **Friday 26 April**:-
<https://forms.gle/9nj48kqj9xNQpBWc6>

Your child will also need to bring their passport to the school's reception to be scanned **by Friday 26 April**.

Vaccinations, Malaria and Dengue Fever

We advise that your child checks with their local travel clinic, nurse or GP and ensure vaccinations are completed well in advance of the trip. NHS 'Fit for Travel' offers a good website for information. Areas on the itinerary are all depicted as low risk for malaria, but volunteers are advised to cover up and use mosquito spray with Deet where necessary. Dengue fever requires insect repellent with Deet in it during daytime hours, on top of sunscreen.

If you would like to clarify any part of this letter, please feel free to contact me, preferably by email at christiedukes@heanorgatespencer.com

Yours sincerely

Mrs C Dukes
Trip Leader
