

May 2024

Dear Parent/Carer

We are excited to announce a new initiative at Heanor Gate, designed to help our Year 10 students explore their future career options and aspirations. Our goal is to inspire them to reach their full potential and understand the wide range of opportunities available to them.

Over the next five weeks, we will be running a series of after-school sessions designed to motivate and encourage students to think about their future goals. These sessions will take place on a Monday 3.00pm-3.45pm and will cover a variety of engaging and informative topics, including:

Degree-Level apprenticeships (Monday 20 May):

Understanding the concept and benefits of higher-level apprenticeships with real-world examples.

Exploring universities (Monday 3 June):

Navigating university options and highlighting the variety of courses and opportunities available.

Salaries and managing money (Monday 10 June):

Learning about different career paths, potential salaries and the importance of financial literacy.

Personal Development and goal setting (Monday 17 June):

Setting realistic, achievable goals and developing personal action plans.

We have access to IT rooms to facilitate these sessions, ensuring that students can fully engage with the content.

We believe that this program will make a significant difference in helping our students understand the importance of their education and the benefits of setting and achieving their goals. Your support and encouragement at home will be invaluable in reinforcing the positive messages and aspirations discussed during these sessions.

If you have any questions or require further information, please do not hesitate to contact me at danielingram@heanorgatespencer.com

Thank you for your continued support.

Yours sincerely

Mr D Ingram
Assistant Principal
