

21 October 2024

Dear Parent/Carer

At Heanor Gate Spencer Academy, we are keen to collect parents' views on key aspects of school, in order to ensure that students receive the best possible education. As part of our annual parent survey last year, 96% of parents said that they would value more frequent surveys where they could share their views on different elements of school provision. As such, we will be conducting a survey every half term, each with a different focus.

The first of these is focused on personal development, as we are committed to fostering not only the academic growth of our students but also providing a well-rounded experience that supports the social, emotional, and personal growth of your child.

We kindly ask you to take a few minutes to complete the short survey below by **Friday 25 October:**
[Personal Development Survey - October 2024](#)

Your feedback will help us assess key areas such as emotional well-being, life skills, character development, as well as the personal development curriculum. Your input is invaluable in helping us shape programs and initiatives that best support our students in their journey through secondary school.

Thank you in advance for your support.

Yours sincerely

Mrs L Mills
Vice Principal
