

November 2024

Dear Parent/Carer

Your child has been selected to participate in The Brilliant Club Scholars Programme!

The program will help develop their academic writing skills, critical thinking and promote their access to highly selective universities. There will be a final assignment for students to complete, which will be marked and graded, in order for them to graduate from the programme.

Students will need to login to Google Classroom using the code below, where they will find updated information on The Brilliant Club during the participation within the programme. Students should have received an invitation to join the Google Classroom by email. If not, they can join using the below code:-

Google Classroom code: **rddwplg**

Students will have to complete a pre-programme assessment, which should only take 30 minutes and they will be removed from their normal learning environment to complete this. The logistics of the assessment will be sent to students via email and Google Classroom during school hours so that they know where to go and at what time.

Tutorials will be held in school during Period 1 or Period 2. Further information will be communicated with students in due course.

The provisional dates of the tutor launch and tutorials are as follows:-

- Tutor launch - 16 January
- Tutorial 1 - 23 January
- Tutorial 2 - 30 January
- Tutorial 3 - 6 February
- Tutorial 4 - 13 February
- Tutorial 5 - 27 February
- Tutorial 6 - 13 March
- Tutorial 7 - 24 April

Dates and times will be confirmed with students closer to the start of tutorials. If you would like any further information regarding the Brilliant Club Programme please contact me using the following email address: abaines@heanorgatespencer.org.uk

Yours sincerely

Miss A Baines
Teacher of Science
