

6 December 2024

Dear Parent/Carer

In October we wrote to you asking you to complete a short survey on how personal development is delivered at Heanor Gate Spencer Academy. As referenced in that letter, we will be conducting a survey every half term, each with a different focus. This is in response to the fact that during our annual survey last year, 96% of parents said that they would value more frequent surveys where they could share their views on different elements of school provision.

The second of these surveys is focused on the behaviour and attitudes of the students, as we are committed to ensuring that Heanor Gate is a safe and positive setting where students are able to thrive.

We kindly ask you to take a few minutes to complete the short survey below by **Friday 13 December**:
https://docs.google.com/forms/d/e/1FAIpQLSd5NeFXah2ArePQYusrOj--3IMoH08g3iT0mp1eU_VTp3QDzw/viewform?usp=sf_link

Your feedback will help us assess key areas such as behaviour for learning, routines and culture. Your input is invaluable in helping us to continually improve the experience for our students.

Feedback from Personal Development Survey

As part of our October survey, a number of parents highlighted that they did not feel confident that they knew what their child was learning as part of their personal development curriculum, be this through discrete PD lessons, assemblies or the tutor programme.

The curriculum maps and learning journeys for Personal Development can be found on our website here: [Social Sciences – Heanor Gate Spencer Academy](#)

I hope that this will give you a better understanding.

Thank you in advance for your support.

Yours sincerely

Mrs L Mills
Vice Principal
