

January 2025

Dear Parent/Carer

We are writing to inform you that your child has signed up for the upcoming Astronomy Evening organised by the Science Club.

This exciting event will take place at school on Tuesday 14 January from 2.55pm to 5.30pm. The evening will offer a fantastic opportunity for students to learn more about the wonders of space and astronomy.

The activities planned for the evening include:-

- A talk from members of the Derby and District Astronomical Society
- A question and answer session with the guest speakers
- Time outside (weather permitting) using telescopes to observe the night sky
- Indoor astronomy-related activities

This event is free of charge. As the evening will finish slightly later than usual clubs, we will provide all participating students with a drink and a snack.

Students will be dismissed from the school site at 5.30pm. Please ensure that appropriate arrangements are in place for your child's collection/journey home at this time.

We believe this Astronomy Evening will be a highly engaging and educational experience for our students, and we encourage your child's participation.

If you have any questions or require further information, please do not hesitate to contact me via email at abaines@heanorgatespencer.org.uk.

Yours sincerely

Miss A Baines
Teacher of Science
