

January 2025

Dear Parent/Carer

Part of the assessment process for the Outdoor & Adventurous Activities unit for the Entry to the Uniformed Services course is my judgement of the students' performance on a multi-day expedition. Your child may have mentioned that they have been planning this expedition for several weeks. The details are as follows:

Dates: Tuesday 29 April 2025 – Friday 2 May 2025

Area: Snowdonia National Park, North Wales

Transport: School minibus

Staff: Mr Jackson, Mrs Norton

Timings: Leaving school at 12noon on the Tuesday, hopefully returning before 4pm on the Friday.

We are asking for a parental contribution of £40 (the school is paying all accommodation and transport costs, we only ask for this contribution towards the cost of feeding your child). Could this please be paid in cash by Monday 28 April, as we will require access to the funds during the expedition. Cash should be in a sealed envelope with your child's name on it and handed to me. A receipt can be issued for cash received.

Whilst we endeavour to accurately forecast the cost of trips, in the unlikely event that costs fluctuate and result in surplus remaining at the end of any trip, details of this and any right to refund will be communicated with you at the end of the trip.

I have attached the proposed programme, together with a recommended personal equipment list. Please note this programme is weather dependent and may be adjusted during the trip to reflect prevailing conditions, as the safety of students is of paramount importance. Whilst reaching the summit of Snowdon is an important objective to students, it is not a requirement of the course. Therefore, adverse weather conditions will mean we will not attempt to walk to the top but will complete a low level walk instead.

As part of the planning process students should have identified what they need to bring. Please do encourage, in fact insist, that they pack their own clothing and equipment. It is quite possible the weather will be cold and wet, although we hope not! The school has a reasonably comprehensive supply of equipment so please do not purchase equipment that may not be used again by your family.

Inevitably a trip like this requires me to complete many risk assessments as, by the very nature of the activities, students are at risk of injury when walking, camping, cooking. Your child has consistently performed well throughout the year and is a pleasure to work with. However, the highest standards of behaviour will be insisted upon at all times. One of the risks staff need to monitor is both heat and cold. We will expect students to apply sun cream if conditions suggest it is appropriate and we expect them to wear appropriate waterproof and warm clothing if necessary; despite any concerns they have about how trendy they look! I hope you will support me by reminding your child of this before we depart.

Please be aware that we have students who may be participating in this trip who have a serious nut allergy. Please avoid giving your child bagged nuts or products with a nut content, as even the smell can cause these students anxiety.

Please login to ParentPay to give your consent for your child to participate in this trip.

Yours sincerely
