

January 2025

Dear Parent/Carer

As part of your child's A Level Geography course they are required to complete 4 days of fieldwork. The first of these will be in Nottingham on our Immersion Day on Tuesday 4 February 2025.

During lessons this week we will be creating a mini investigation and will then spend the day collecting data in Nottingham which can be analysed upon our return to school. This will prepare students for their independent non-examined assessment which they will produce in Year 13 and will be worth 20% of their final grade. The locations we will visit are also linked to the local place unit which makes up part of the regeneration course.

Students need to be at school for 8.40am on Tuesday 4 February and we will return no later than 4pm. Please note that we will be travelling by public transport. Students should bring a packed lunch or money to purchase food in Nottingham. **Please be aware that we have students who may be participating in this trip who have a serious nut allergy. Please avoid giving your child bagged nuts or products with a nut content, as even the smell can cause these students anxiety.** They should also make sure they are wearing sensible clothing and footwear with a warm waterproof coat, as we will be outside for large parts of the day. We will travel by public bus and tram and on foot around the city centre.

If you have any questions please feel free to contact me at charris@heanorgatespencer.org.uk

The cost of the trip will be covered by school but please login to ParentPay to give your consent by Friday 31 January 2025.

Yours sincerely

Charlotte
