

September 2025

Dear Parent/Carer

Since our return, I have been impressed with the maturity and resilience shown by Year 10. These next two weeks are now vital in ensuring that your child starts the year in the correct manner academically, as we enter two weeks of consolidation.

On Monday 29 September 2025 our first Assessment Week commences, this will be the first chance students have to show teachers and myself how well they have adjusted to GCSE lessons. I understand that it may be a steep learning curve for some but I hope that with your support and encouragement, we can push Year 10 to have a successful first set of assessments.

I would like to ask all parents, carers, and guardians to encourage their child to give their very best effort and display a positive attitude for these next two weeks during both consolidation weeks. I know that if students prepare well for assessments, using the bespoke revision lessons teachers have designed during school, and if they are actively engaged in their own consolidation of learning at home, then all Year 10 students will be well prepared and ready to succeed.

Attached is the Homework Calendar so that you can direct your child to the specific platform used for their subject - [Homework Calendar - Year 10 2025/26](#) (Week 2 & Week 3)

If you have any questions, please feel free to contact Miss Weston, your child's form tutor or myself.

Yours sincerely

Mr H Mann
Achievement Leader - Year 10
