

March 2026

Dear Parent/Carer

Maths Easter Holiday Intervention – Tuesday 31 March, 11am–1pm

I am pleased to inform you that your child has been selected for a **targeted maths intervention session** taking place over the **Easter holiday**. Students have been carefully chosen following a detailed review of their mock examination performance, ensuring that this provision supports those who will benefit most at this stage in Year 11.

This intervention is a **focused small-group session** designed to help move your child forward with their grade in maths. Places for these sessions were limited, so your support in ensuring your child's attendance is greatly appreciated.

Session details

Date/Time: Tuesday 31 March - 11am–1pm

Location: E Block

Arrival: Students should sign in via the main reception from 10:50am.

Students **are not** required to wear their school uniform for this intervention session.

While our Easter School provision is necessarily limited, it is intended to run alongside students' independent revision during this crucial final stage of Year 11. Our Year 11 area on the school website includes a range of excellent resources and revision strategies to support preparations. With just three full school weeks remaining after the Easter break before the first GCSE examinations, it is essential that students use this time effectively to prepare for the upcoming exam period.
