

5 June 2026

Dear Parent/Carer

Year 12 Apprenticeship Day with E.ON at the University of Derby

We are delighted to offer Year 12 students the opportunity to attend an Apprenticeship Day hosted by E.ON at the University of Derby's Kedleston Road Campus on Monday 15 June 2026.

The event is designed to provide students with valuable insight into the Higher and Degree Apprenticeship pathways available through E.ON, one of the UK's leading energy companies. It will also offer guidance and support for students considering future apprenticeship applications with the organisation. Lunch and refreshments will be provided during the day.

Students should attend tutor time at 8.50am for registration. We will be leaving school at 9.00am and will return at approximately 4.00pm.

The exact agenda is currently being finalised; however, the day will include:

- An overview of the E.ON Apprenticeship Programme and what E.ON looks for in prospective apprentices.
- The opportunity to hear directly from current E.ON apprentices through a question-and-answer panel, providing insight into their experiences and career development.
- Employability and skills workshops.
- Mock assessment centre activities.
- Preparation for STAR interview questions.
- A short mock interview activity designed to build confidence and interview skills.

This promises to be an excellent opportunity for students to gain first-hand experience of the apprenticeship recruitment process, develop key employability skills and learn more about the range of career pathways available through Higher and Degree Apprenticeships. We strongly encourage students to take full advantage of this opportunity and to engage fully with the activities throughout the day.

This trip is free. However, please login to ParentPay to give consent for your child to participate.

If you have any questions regarding the visit, please do not hesitate to contact the Sixth Form team.

Thank you for your continued support.

Yours sincerely

Mr B Goacher

Leader of Careers
