

June 2026

Dear Parent/Carer

Despite the high temperature, students have shown lots of resilience and have continued to engage really well in their learning today. We have re-roomed the majority of lessons into air-conditioned spaces and students have made use of sheltered spaces at break and lunchtime.

As previously communicated, students can attend school with a relaxed uniform tomorrow - no blazers/ties and loose top button. Where possible, students should also have a water bottle, sun hat and sunscreen.

A reminder that Friday 26 June is a staff INSET day, and students are not required to attend. Students should return on Monday 29 June in their full school uniform.

Yours sincerely

Mr Jones
Principal
