

June 2026

Dear Parent/Carer

Today we will be taking Year 10 out of their lessons before the end of the day for an assembly about their formal mocks.

Myself and Mr Jones will be speaking to them about the opportunity in front of them regarding their formal mocks. If the weather permits, an ice-cream will be provided for them too.

I will ask them to treat these assessments as an opportunity to showcase their academic talent, to demonstrate that they can perform under pressure and ultimately to use these two weeks to acclimatise themselves to the pressure, routine and expectations of formal GCSE examinations.

I have seen copious amounts of consolidation, revision and preparation from the year group. It is clear to see that they have responded to the additional revision demands well.

Year 10 is a fantastic year cohort of students who handle everything we ask of them with resilience, maturity and a positive attitude; I hope we see this continue and grow throughout the formal mock window and into Year 11.

Yours sincerely

Mr H Mann
Achievement Leader - Year 10
